

TELEHEALTH VERIFICATION FORM

Per US Government agency, Health and Human Services, the public health emergency declaration for the Covid - 19 pandemic ended as of Friday, May 11, 2023.

What this means for you, if you have commercial insurance or a Medicaid insurance plan, you will need to contact your insurance company and ask the following two questions:

1. Does my insurance plan allow me to engage in therapy services using a HIPAA compliant telehealth platform?

Yes

No

2. May I continue to see my provider, _____, using HIPAA compliant telehealth?

Yes

No

If the answer to either of the questions is “NO”, then you will need to plan for in-person services; or, be prepared to pay out of pocket what is not covered by your insurance plan. Please confirm with your provider what you learn from you insurance company.

If you have Medicare insurance, the telehealth benefit for you is extended through December 31, 2024.

I understand that I am financially responsible for all services not covered by my insurance plan including behavioral telehealth sessions. My signature below indicates that I agree to contact my insurance company described above.
